FRACTIONAL CTO / PLATFORM DIAGNOSTIC

# When your product stops moving.

For founders and business owners with an existing product or internal platform.

### Delivery keeps slipping.

Find where work stalls and agree what to fix first.

### The platform needs an owner.

I lead technical priorities, vendors and difficult decisions as a fractional CTO.

### Manual work or tech costs keep growing.

Review the workflow and costs, then automate or remove the waste.

Platform diagnostic / 5 working days

## A 90-day plan for €2,400

Systems, processes, vendors and costs, reviewed with your team. You get a priced plan for what to fix.
